Student Center for in Innovation Engineering and Technology

TERMS & CONDITIONS

- The project name will be used for spreading awareness about SCIEnT, but the project information and related data will be kept confidential.
- Anyone requesting funding/technical assistance from the SCIEnT lab for any project/activity should fill in the Project Access Request form available on the official website. Any other means of informal request is discouraged.
- Upon completion of a project, you are expected to fill in the Project Archives form put up on the website.
- Prior permission is mandatory for entry without biometric access.
- All users must follow the rule book prior to using the lab.
- You are not allowed take tools out of SCIEnT premises without prior permission.
- In the event of any damage or mishap of any mechanical tool or machinery, report the person/club/team responsible for the damage to the SCIEnT representatives present at the time.
- Any project material/ personal belonging left behind in the SCIEnT lab is not the responsibility of SCIEnT.
- SCIENT has the right to deny access to anyone who is found reckless, undisciplined or not following the rules of SCIEnT.
- For showcasing the project to anyone, prior permission must be obtained from SCIEnT.
- All users are expected to be aware of the fact that every activity that happens inside the lab is subjected to constant CCTV surveillance.
- If the concerned club or individual doesn't occupy the conference hall to their stated strength of members within 10 min of reservation, their booking can be cancelled by SCIEnT

TERMS & CONDITIONS

- The grant for access is valid for the entire duration of one academic semester. Moreover, SCIEnT reserves the right to deny or extend the access duration for anyone.
- All students must cooperate with SCIEnT representatives. In case of any conflict, the user can raise issues via proper channels and SCIEnT decision will be final.
